EDUCATION

Modern Academy

B.Sc in Computer Science

September 2024 - Present

Cairo, Egypt

WORK EXPERIENCE

Freelance Web Development

Web Developer

2023 - Present

Cairo, Egypt

- Worked on front-end development, mastering HTML, CSS, Tailwind CSS, JavaScript, and React.
- Learning and working on back-end technologies such as Node.js, Express, and MongoDB.
- Developed several projects, including Admin Dashboards, Movie Display Websites, and Personal Portfolios.

PROJECTS

Admin Dashboard

February 2024

- Developed a custom admin dashboard with a user-friendly interface.
- Included sections for overview of sales, user data, orders, product details, and analytics.
- Implemented features for profile modifications, notification settings, and account management.

Movie Display Website

April 2024

- Created a website to display movies using React and an external API (themoviedb).
- Implemented pagination for multiple pages and a search feature for users to find movies.
- Each movie has a unique external link, and clicking on the movie shows detailed information.

Personal Portfolio

April 2024

- Developed a portfolio website combining front-end and back-end technologies.
- Implemented a contact form where users can submit messages, stored in MongoDB.
- Admin can view and delete messages, and authentication is used to ensure only the admin can access the data.
